Condition 21. If students do not comply with the English language requirements, students are required to enroll in one-year English Preparatory Program. At the end of the program, if the students pass the English Proficiency Test, students can start studying at the departments they are admitted. English Preparatory Program is not counted in the Total Study Year column in this document. Students who prove their English proficiency with one of the recognized international exams or who acquire the required score from the Language Proficiency Test held in Yıldız Technical University are exempt from the English Preparatory Program and start studying at their departments. (You may contact the International Students Unit for more information).

*University can request additional certificate from students in final enrollment.
